PLAYER INFO PACK

# Your swing.
# Your degree.
# Your scholarship.

Golf USA is the dedicated golf scholarship division of Sport USA. We help golfers find US university opportunities that fit their game, education and ambitions.

Player guide · November 2026

THE OPPORTUNITY

# Golf meets university.

## Golf + a degree

Combine university study with competitive team golf, structured coaching and tournament experience.

## A team around you

Get support with recruitment, applications, eligibility and preparing for life on campus.

## Find your fit

We consider your sporting level, grades, preferred studies and personal goals when identifying programmes.

A sporting pathway. An academic foundation. An experience beyond golf.

FINDING YOUR FIT

# More than one route.

## NCAA Division I

Elite college programmes with highly competitive golf. Scholarship availability and packages vary by university.

## NCAA Division II

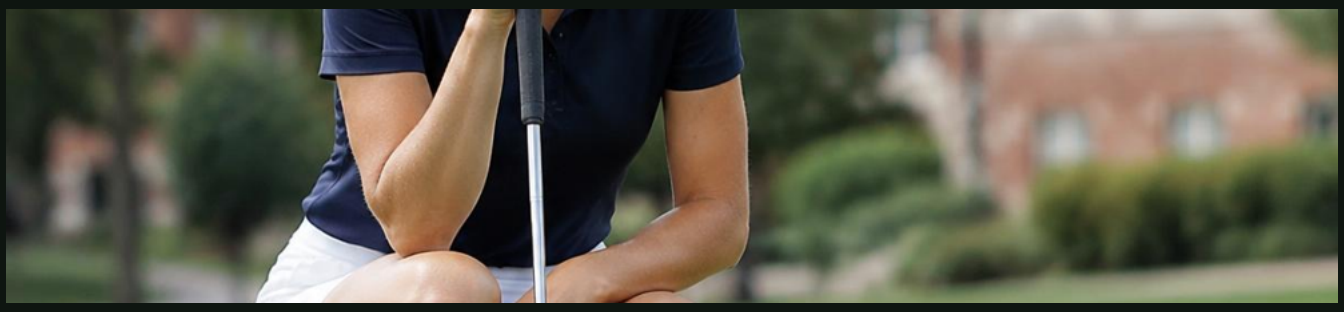

Competitive golf alongside university study, with scholarship opportunities depending on the programme.

## NAIA & NJCAA

Additional routes into US college golf. These may offer a strong starting point and potential transfer pathways.

## Start with an honest assessment

Your results, academic record, preferred degree and personal goals all matter. We use these to identify suitable teams and compare opportunities.

Important: offers vary. Ask us to explain tuition, accommodation, living expenses and any remaining costs before you commit.

YOUR PATHWAY

# The five stages.

## 01 Build Profile

Platform introduction, sporting and academic CV, and video guidance. We build a recruiting profile that tells coaches who you are.

## 02 Registration & Tuition

Eligibility registration, test planning and SAT tuition where needed. We guide you through the academic requirements.

## 03 Coach Introductions

Profile evaluation, athlete-to-coach introductions and college analysis. We identify programmes that fit your game and goals.

## 04 University Evaluation

Application support, offer evaluation and scholarship negotiations. We help you compare the full picture before deciding.

## 05 Final Steps

Final applications, visa and insurance guidance, and flight planning. Get ready for your move to campus.

BEYOND RECRUITMENT

# Support on and off the course.

### Strength, conditioning & nutrition

Performance support through our partner network, including physical preparation and sports nutrition.

### Mindset skills

Mental preparation tools to help you handle pressure, challenges and the transition to college sport.

### Online athlete preparation

Strength, nutrition and psychological support wherever you are training.

### Visa & study assistance

Step-by-step guidance through study paperwork and the US visa application process.

### Travel insurance guidance

Help exploring long-stay cover for health emergencies, cancellations and lost property.

### Personalised university identification

Programmes selected around your game, academics and personal requirements.

### Professional recruiting video

Video shooting and editing support to showcase your golf to college coaches.

Discuss what is included in your programme and any partner fees at your consultation.

START YOUR JOURNEY

# Ready for the next tee?

## BRING TO YOUR CONSULTATION

- Recent tournament results and scoring averages
- Your handicap and golfing experience
- Current school grades and intended graduation year
- Subjects or degree programmes you are interested in
- A swing video or existing recruiting footage
- Your preferred start date, budget and personal goals

### When should I start?

Ideally 18–24 months before your intended university start date. Speak to us earlier if you can; coaches often recruit ahead.

### What golfing level do I need?

Requirements differ by team and division. A consultation helps us assess your results and realistic opportunities.

### Do I need the SAT?

Many universities are test-optional, but admissions and eligibility rules vary. We will explain which requirements apply to you.

### What will it cost?

Programme fees, university costs and scholarship offers differ. Book a free consultation to discuss your options and the costs that remain after any offer.
